WOTM RUTHANN GASTON WOMEN IN ENGINEERING SCHOLARSHIP

SCHOLARSHIP BACKGROUND

WOTM is a not-for-profit networking organization for professionals who are employed in, or serve, manufacturing in the Greater Rockford Area. The group is open to men, women, and young professionals, and offers a unique approach to networking and professional development with a strong focus on strengthening our scholarship program. Through interactive dinner meetings, manufacturing plant tours, and fundraising events, WOTM educates our members and serves our community.

Ruthann Gaston has volunteered with WOTM since its founding in 2003 and has been extensively involved in its activities, including the administration of WOTM's first scholarship with CFNIL, the WOTM Scholarship.

TO APPLY

The Community Foundation of Northern Illinois (CFNIL) administers more than 90 scholarships and awards more than \$380,000 to students in northern Illinois every year. CFNIL's online application automatically matches you to every scholarship for which you are eligible. The application opens each year on December 1st and closes February 1st.

Visit cfnil.org/scholarships to learn more about the awards which are available and cfnil.org/scholarship-resources for guidance about how to apply. When you are ready, click the "Apply for a Scholarship" button found on the top of every page on CFNIL's website.
